

National Prevention Week Event Planning Checklist

One of the first steps in planning a successful **National Prevention Week** event is to develop a detailed timeline and checklist of tasks. This checklist will help you stay on track and ensure that nothing falls through the cracks. Use the following schedule of activities to plan your event.

Not every step in this checklist may be necessary for your event, so customize it to fit your organization's needs. You may also find that the checklist can be shortened depending on your event's size and purpose or when you begin planning your event.

Tell SAMHSA about your event! Please provide the following information to SAMHSA's National Prevention Week Coordinator, David Wilson, at david.wilson@samhsa.hhs.gov, and SAMHSA will post your event information on the National Prevention Week Events web page:

- Your organization's name and website address
- A brief description of your event
- Topics addressed by the event
- Target audiences
- Date and time
- Venue name and address
